Registration:

- (a) As this is a crash course platform, we assume that students already have the content knowledge. Hence, do not sign up for any crash course that a student has yet to learn in school. For SM1 and SM3, it is suitable for sec 4 students who have or who have yet to learn Kinematics in school as we will be teaching this topic from scratch.
- (b) Lesson(s) can be attended either online or onsite at the centre. The cost of each crash course lesson is \$90 be it online or onsite lesson.
- (c) To register for the crash course(s), please whatsapp the following information to the Centre at 83881912:
 - (1) Student's full name,
 - (2) Student's hp,
 - (3) Sec 3 or Sec 4
 - (4) Code(s) of the crash courses the student would like to attend.

The Centre will then confirm the availability of the slot(s) for the crash course(s) the student would like to attend. Upon confirmation of the slot(s) via whatsapp from the Centre and the total fee payable, you will then proceed to make payment (see (d) for payment details).

- (d) Payment of the total fee can be made either by Paynow or Paylah to the centre at HP: 83881912. You **must** indicate the name of the student in the Paynow or Paylah transfer.

After the transfer is made, please drop the centre a whatsapp at this same number 83881912.

The Centre will confirm the receipt of payment via whatsapp.

- (e) Upon receipt of payment, the materials and instructions for each crash course lesson will be whatsapp to the student at least 3 days before the date of the lesson so that the student has ample time to try out the questions before attending the lesson.
- (f) There will be **no refunds** to the crash course lesson(s) if a student failed to turn up for a lesson.
